Dorothy Dix's Article on Women's Desire to **Vote--Their Mental Superiority or Deficiency** Can Only Be Shown by Allowing Them the Opportunity to Satisfy Their Own Curiosity.

By DOROTHY DIX

A scientist has been laboriously explain- those doctors who spend their lives in ing that woman stands on a lower plane laboratories searching into the pedigroe in evolution that man does, and is there- of germs, and in grafting the bones and fore physically and mentally his inferior, the organs of dead people onto live ones, are all insatiably curious men-

structurally speaking woman is closer to our great. great grandpapa the baboon, than man, and that she also betrays her nearer relationship to the monkey by possessing of the superabundant curiosity that is characteristic of the simian tribe For these reasons h'e thinks that orangoutangs and women should not permitted to

Oh, I don't know When a man wants to offer a blight- curious than men is an allegation that ing criticism on femininity he always cannot be substantiated by fact, but if it makes a few scathing remarks about were true it would be no reflection on the uricelty in the beginning of wisdom, and feminine character, and certainly no bar the hall mark of an active mind. If it to their cufranchisement. hadn't been for the curiosity to see Indeed, there is no other quality that what would happen when you put two is more needed in voters of the present and two together, we should not now be day than a large, robust curiosity in enjoying the sum of countless experi- good working order. ments that make up civilization.

The first cave man who noticed that too much engrossed in their own business when he rubbed two sticks together the to have time to look into public matters friction produced warmth, and who had much but women have more leisure, and the curiosity to keep on rubbing the if they spent part of it in prying into sticks together, gave us fire. The first public affairs many abuses that now woman who had the curiosity to see what exist would be remedied would happen when you put raw meat on the fire gave us cooking.

borhood blazed the trail that has led other like the janitor of the school who, when men to the north pole.

If Newton had not been curious he who had been elected to the school board, that I can't offset would never have discovered the law of replied: "Aw, away wid her. And remember how every thought you allow to come in your mind is a real

demonstrated fact. It is being demonstrated every day, and every year by thousands of people who understand the law of thought.

and help make or unmake you. Such a

Whatever you greatly desire to be or do or have, keep the mental picture in your mind.

Think of it often, and just before going to sleep let it take form in your mind, In this way your little thought carpenters are made to keep at work through the night and to help build your dream into reality.

But he careful that your desire is a good desire, or else it will come upon you in the form of a calamity and bring you sorrow.

There is a story of a woman who prayed that she might have \$2,000. She made no proviso in her wish; no matter how it came, no matter through what source, she asked that this might be given Shortly afterward her idolized son was killed in an accident and the insurance upon his life was paid to her-\$2,000.

Seek ye first the kingdom of heaven Then all other things shall be added, But your thoughts and actions must as

Never believe for a moment that you must forever remain in a position or place which is utterly distasteful to you. Or in a distasteful occupation.

You can think your way out to better conditions. But in order to do this, you must give

thanks for the good that is in your present situation; and you must do to the letter every duty connected with it; and then you must mentally fit yourself for something better, and expect that better to come.

except his eyes and mouth. He told the writer of this article that his sbillty to enjoy his food and to see his friends made him feel that he was blest indeed. So if two such sufferers can be thankful for something, surely you can. And every thought of gratitude brings us just and so missed the boat."—Judge.
